

First State Manufacturing Inc.
COMMERCIAL FLOW DOWN TERMS & CONDITIONS
GOLD STAR STANDARDS

To ensure each valued Customer experiences the same “Gold Star” quality First State Manufacturing is known for:

Provider Requirements

Material/Service Providers will ship items in one shipment to First State Manufacturing unless otherwise communicated. Early delivery requires pre-approval. Providers agree to communicate acceptance of each Purchase Order from First State Manufacturing within forty-eight (48) hours after Purchase Order Acknowledgment. Absence of written Purchase Order Acknowledgment by Provider to FSM within 48 hours will be understood as acceptance of Purchase Order.

Provider Notes

Certificates of Conformance (CoC), when required, must be included with each shipment and by email, to include:

- * Basic item description
- * Item part numbers and/or national stock number
- * Item manufacturing source
- * Manufacturing source's commercial and government entity code (e.g. CAGE code) if applicable
- * Clear identification of name and location of supply chain intermediaries from manufacturer to direct source of product for the offer or/contractor, to the item acceptance by the Government
- * Where available, manufacturer's batch identification for part, such as date codes, lot codes, or serial numbers.

Shipping Requirements

Minimum requirements include:

- * Any variations of quantities shipped compared to quantities noted on Purchase Order will be communicated proactively and effectively
- * Shipments will be delivered based on agreed upon due date
- * Prior to shipment, provider will confirm available shipping options, to be approved by First State Manufacturing Purchasing Agent.

Supplier Quality Notes

All General Requirements (A - I) in Appendix 1 (Supplier Quality Requirements) of First State Manufacturing Purchasing Process P-011 are applicable to all vendors, including DFAR Clauses:

- 252.225-7001 Buy American Act and Balance of Payments Program
- 252.203-7002 Requirement to Inform Employees of Whistleblower Rights
- 252.204-7012 Safeguarding Unclassified Uncontrolled Technical Information
- 252.223-7006 Prohibition on Storage and Disposal of Toxic and Hazardous Materials
